PROJECTS

AUDIOSPHERE

Podcast Website

Developed a podcast website using MVC software architectural pattern where users will be able to listen to audios/podcasts, search different audio categories and also upload their own creation.

Technologies : HTML, CSS, JavaScript, PHP, phpMyAdmin, MySQL

SPENDWISE

Expense Tracker

A simple web application to add, edit and delete daily expenses for keeping your spendings on check.

Technologies : HTML, CSS, JavaScript, Bootstrap, PHP, phpMyAdmin, SQL

EV RIVALS

Wordpress Blog Site

My personal blog site about Electric Vehicles built with WordPress. Mainly generating contents using AI and focusing more on SEO to increase traffic. I am also exploring affiliate marketing to generate revenue.

Technologies : WordPress, Elementor, Rank math for SEO, HTML, CSS

WORKOUT FITNESS

Wordpress Theme

Built the Wordpress theme from scratch. This theme is designed for any business offering various service packages, sharing their story, and featuring a blog section to aid in SEO. For this project, I selected a gym business.

Technologies : Wordpress, ACF, HTML, CSS, PHP, phpMyAdmin, MySQL

EXCLUSIA

Shopify Store

Built a Shopify store for a clothing brand starting from domain setup to testing order placement. Currently helping them with inventory management and SEO.

Technologies : Shopify Store Builder, HTML, CSS, Liquid, JSON

AUTO ADIS

Car Dealership Website

Rebuilt the website for a car dealership who had a very poorly designed website. This project was mainly focused on using Bootstrap.

Technologies : HTML, CSS, Bootstrap, Slick slider, Fancy box

EXPERIENCE

RAW ART MEDIA - Montreal, QC

Web Developer (Intern)

Developed WordPress websites using Elementor for existing and new clients, ensuring alignment with client expectations through effective communication. Enhanced website performance and adhered to SEO best practices. Collaborated within a team environment, participating in regular team meetings and using project management applications like Trello to coordinate tasks and track progress.

May 2024 - July 2024

CONCENTRIX - Montreal, QC

Customer Service Representative

Worked in the Abbott diabetes campaign where I helped the users to troubleshoot their medical device used to measure their sugar levels.

Nov 2020 - Mar 2021

EXPERIENCE	TTEC - Montreal, QC Customer Service Agent <p>Worked as a customer service agent for Verizon Wireless(USA), where I assisted customers with billing issues, phone plans, and troubleshooting phone/network issues. I also had sales responsibilities, selling plans, and consistently ranked among the top 10 sellers out of ~200 agents in that campaign. Additionally, I achieved the top seller position for one month during my tenure. I was able to nurture strong customer service skills, sales ability, and performance in a fast-paced environment.</p>	Feb 2020 - Nov 2020
	EXCLUSIA - Dhaka, Bangladesh Digital Strategist/Consultant <p>It was a newly launched clothing company where I had wide range of responsibilities like conducting regular stock checks, employee conduct guidelines, social media marketing, advertising campaigns, analyzing financial reports, and implementing strategies to improve profitability. After moving to Canada I am helping the company to create an e-commerce platform on Shopify.</p>	Nov 2017 - Present

EDUCATION	Vanier College Feb 2023 - July 2024 Montreal, QC	AEC in Web Design Specialist (Full-stack)
	North South University 2012-2017 Dhaka, Bangladesh	B.A Computer Science & Engineering CGPA: 3.37
